To Whom It May Concern:

This is a letter of reference for Comfort Electric and Utility Consulting.

DeSavino and Sons, Inc has utilized other consulting services in the past, so we weren't expecting much. To our surprise, they have saved us thousands of dollars and also attained refunds for thousand of dollars. They have helped us in almost every area including our electric bills, local phone bills, long distance service and our cellular bills.

We recommend their service to every business; they were successful saving us money and acquiring refunds when other consultants did not. They also stay close to their customers, continuing to work for us.

In summary, I highly recommend Comfort Electric and Utility Consulting to any business that wants to run efficiently and save money.

Sincerely,

Dino DeSavino
President
